

Diego Suarez

Electrical Designer

Banbury, England
diego92@gmail.com
linkedin.com/in/1diegosuarez

Senior Electrical Design Engineer specialising in systems design and technical documentation. Proven track record delivering complex electrical solutions across the nuclear (fusion, remote handling), automotive, and manufacturing industries.

Work Experience

UK Atomic Energy Authority

Abingdon, England, United Kingdom • 09/2023 - Present

Senior Electrical Systems Engineer

- Designed and documented electrical systems to support ITER's remote handling robotics systems
- Developed radiation-hardened electrical architectures for remote inspection systems, ensuring EN and nuclear safety compliance
- Helped implement best practices in electrical design, ensuring compliance with regulatory standards and timely delivery

Fortress Technology Inc. and Sparc Systems

Banbury, England, United Kingdom • 06/2021 - 08/2023

Electrical Design Engineer

- Standardised Electrical Engineering design processes across two sites, improving design quality and cross-functional collaboration
- Specified and validated safety-critical components for food-grade machinery to ISO, CE, UKCA, and IEC standards
- Electrically led the development of low-voltage designs for machinery and provided technical support to manufacturing and sales

Sorion Electronics

Birmingham, United Kingdom • 01/2019 - 05/2021

Electrical Design Engineer

- Managed end-to-end electrical design, from CAD through manufacturing and factory commissioning
- Collaborated with mechanical engineers to identify and implement continuous improvement measures to improve the efficiency of meeting design deliverables

Jaguar Land Rover

United Kingdom • 10/2016 - 01/2019

Technical Analyst / Engineer

- Led electrical integration for 2018 Discovery Commercial launch within the Special Vehicles Operations department
- Resolved on-build electrical issues during vehicle production phases, maintaining production schedule and quality standards

Skills

- DFM (Design for Manufacturability)
- DFMEA
- Rad-Hard System Design
- Requirements Management
- Technical Documentation

CAD

- AutoCAD
- Basic Solidworks
- EPLAN

General Software

- MS Office
- SAP
- Various (quick learner)

Languages

- English
- Portuguese
- Spanish

Education

BEng (Hons.) Electrical and Electronic Engineering

University of Brighton
09/2013 - 06/2016

BEng Energy Engineering

Penn State University
08/2010 - 06/2013

High School

International High School
(Shenzhen, China.)
08/2006 - 06/2010
